Re: Pick-up and Drop-off of students

Greetings from School!

I would like to take a moment to explain the drop-off and pick-up of students at the main entrance of the school. The lane next to the curb and sidewalk is the pickup and drop-off lane. It is not for parking. If you need to run into the school, please park in the parking lot and walk into the school. New this year, we have placed two visitor parking spots in the parking lot for folks to use during the regular school day. Parking in the drop-off lane causes people to pull around the parked car which may cause potential accidents.

The same can be said of the drop-off lane on the elementary (north) side of the building as well.

Please keep the safety of all our students when driving in and around our school. The time that it takes to park in the parking lot is not worth the risk of an accident occurring because people need to pull around a parked car in the drop-off lane.

Thank you for your consideration in this matter!

Yours in Education,

Chip Sundberg, Superintendent
Gettysburg School District
